

# Stopped and Searched?

Before you are searched, the police **MUST** tell you

- ➔ What law they are using
- ➔ Their reason for searching you
- ➔ Their name or badge number
- ➔ What they are looking for
- ➔ That you can have a copy of the 'search form'

**REMEMBER!**

- ➔ You **NEVER** have to give your personal details to the police if you are just being searched
